RESPONSE TO NOTICE TO COMPLY WITH REQUIREMENTS

Hon. Commissioner of Patents and Trademarks
United States Patent & Trademark Office
Washington, D.C. 20231

Dear Sir:

This is in response to the Notice to Comply with
Requirement for Patent Applications containing Nucleotide
Sequence and/or Amino Acid Sequence Disclosures mailed April
22, 2002.

R E M A R K S

A review of the file of the above-captioned application
shows that a sequence listing in computer readable form
(diskette) was filed with the original application.
Appended hereto is a copy of the postcard listing the
diskette containing the sequence listing and acknowledging
receipt by the U.S. Patent and Trademark Office on May 29,

2001. It appears that the diskette which was filed has become separated from the application papers. Thus, enclosed herewith is a duplicate copy of the diskette containing the original sequence listing.

Applicants hereby state that the content of the sequence listing information recorded in computer readable form on the attached diskette is identical to the sequence listing information on the originally filed application and thus contains no new matter.

Should the Examiner need additional information, he/she is invited to contact Applicants' attorney at the telephone number listed below.

No fee is believed to be due as a result of this response. Should the Commissioner determine that a fee is due, he is hereby authorized to charge said fee to Deposit Account No. 02-0184.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, DC 20231
